Your Vote Counts

A Special Appeal from the MCMS President

Dear Practice Administrator:

The coming election in November is a critical one. The balance of power may shift in the House of Representatives this year and we will be electing a new governor. It is imperative that medical professionals support those candidates whose policies support medicine, more specifically policies that support our patients. After all, patients come first.

With that in mind, we suggest that you encourage your staff to register to vote. You can obtain voter registration forms from Montgomery County Voter Services by calling (610) 278-3280 or visiting their web site - <http://voterservices.montcopa.org/voterservices>. We are encouraging you to share the forms with staff and doctors who are not registered to vote. You can also visit The Pennsylvania Department of State's online voting information and resource center, www.votespa.com, to obtain election and registration information.

Finally, we are encouraging all medical practices to make sure that their individual staff members have time set aside to cast their ballots on Election Day. If there is anything we can do to assist you, please feel free to contact our Executive Director Toyca Williams at montmedsoc@verizon.net or at (610) 878-9530.

We look forward to your participation in the months to come.

Sincerely,

Mark Lopatin M. D.
